Sustainability at SGX

Ensuring long-term value for our stakeholders and creating a positive, lasting impact on society

Sustainability factors that are important to SGX:

1. **Economic Performance** : Our financial performance, economic value creation, distribution, and retention for shareholders
2. **Socioeconomic Impacts** : Our external impacts through our role as a market operator and regulator
3. **Governance** : Our governance structure, ethics and integrity, anti-corruption and compliance policies
4. **People** : Our talent management and responsible employment practices
5. **Environment** : Our role in mitigating climate change

Our Focus

Equities

Develop ESG-related risk management and trading solutions; publish ESG ratings for SGX-listed companies

Commodities

Develop more ESG-related derivatives to support the production of essential materials such as higher grade iron ore, low sulphur FFA and sustainable rubber

Regulation

Partner ESG experts and consultants to provide resources and training to help listed companies produce sustainability reports that are in line with globally-recognised frameworks. SGX has also been leading in the advocacy for Women on Boards in Singapore since 2012.

Fixed Income

Aim to be the preeminent Asian platform for green, social and sustainability fixed income securities.

Indices

Develop more sustainability benchmarks, ratings and products to facilitate shift towards sustainable investing. These include custom ESG thematic indices such as low carbon and climate change risk.

Corporate

Identify and assess ESG risks and opportunities through robust enterprise risk management system. SGX is a component of FTSE4Good Index, Bloomberg ESG Data Index and MSCI World ESG Leaders Index.

Awarded Asia's Best Sustainability Report (within Annual Report) in 2020

Ranked within the top 5 among listed companies in the NUS Governance and Transparency Index* in the last 5 years.

- Volume of Aggregate SGX MSCI/FTSE Taiwan contracts increased 5% y-o-y
- Open interest and volume market share of the SGX FTSE Taiwan futures contract remain >80% and >90% respectively
- Exchange venue plays a significant role in determining liquidity flows

- We attribute our success in retaining liquidity in the SGX FTSE Taiwan futures contract to:
 - The trust we have built with our customers;
 - The value that our multi-asset offering brings to them; and
 - The significant benefits the SGX ecosystem offers to the investment community
- Impact to average fee per contract:
 - Our derivatives average fee per contract was lower by 15% q-o-q to \$1.16, mainly due to the offering of an introductory fee for the new SGX FTSE Asia expansion suite
 - We expect our average fee per contract to improve as our FTSE Taiwan and new contracts run-in over the next two quarters

Looking ahead ...

We expect global economies to recover as COVID-19 vaccines become more widely available.

Investments into cash equities is anticipated to grow, while portfolio risk management activities may rise due to shifts in US policies under its new administration.

We expect the medium-term revenue contribution of our recently acquired subsidiaries Scientific Beta and BidFX to grow beyond their current 6%, as they tap on an enlarged network of resources within the SGX group to execute their growth plans.

We launched SGX FIRST (Future In Reshaping Sustainability Together) to expand our sustainability capabilities and drive sustainable practices in our financial ecosystem.

Our total expenses and capital expenditure for FY2021 remain between \$535-\$545 million and between \$55-\$60 million respectively.

Thank You
